Hi Vickie, I just wanted to pass along the good news that ADEM has a clean slate as far as your validation workbook. At this time, everything we've asked to be entered has been. Thank you very much for your help with this database.

Question for you. Sue at ALECI hasn't responded to my last couple of emails and I was wondering if she was on vacation, or her contract had expired or what. There are a few issues that need to be addressed with the ALECI database.

Thanks for your help.
